KEY

Fits and is compatible with Factory Controller and Motor (Drop In).

It will fit and work, but the green recommendations are better options.

Fits but will require upgraded controller and/or motor.

Does not fit and/or will not work with this cart. (Will Require Significant Modification.)

Note: These RedKing battery conversions are for carts originally equipped with lead-acid batteries.

* The 51V 105Ah & 51V 105Ah Cube conform to the same compatibility metrics.
